

# 1 Introducción

Antes de comenzar la redacción de este documento.

## 2 Estructura y desarrollo del proyecto

El proyecto se divide en varias etapas.

The screenshot shows the GitHub interface for a project named 'Inventarium'. At the top, there is a dark header with the GitHub logo, a search bar labeled 'Search or jump to...', and links for 'Pull requests' and 'Issues'. Below the header, the project name 'Inventarium' is displayed with a lock icon. Underneath, there is a Kanban board with three columns: 'New', 'In progress', and 'Done'. The 'New' column is currently selected. A search bar with a magnifying glass icon and the label 'Title' is positioned above the board. The board contains three items, each with a green circle icon and a number: 1. 'Creación del entorno de látex', 2. 'Creación del entorno web', and 3. 'Instalación de aplicaciones'. At the bottom of the board, there is a plus sign and a text prompt: 'You can use Ctrl + Space to add an item'.
